

## THE RESIDENT ENGAGEMENT PLATFORM FOR SENIOR LIVING

We use data, technology, and resident engagement expertise to implement the social prescription model - one resident at a time.

#ActivitiesStrong  
#OldPeopleAreCool

# We help care partners engage each and every resident so they can live with purpose.

Our platform optimizes community occupancy and empowers staff to engage all residents in an effective and individualized way that maximizes quality of life and positive health outcomes.

## 1. Assess

and understand the needs and interests of all your residents

## 2. Plan

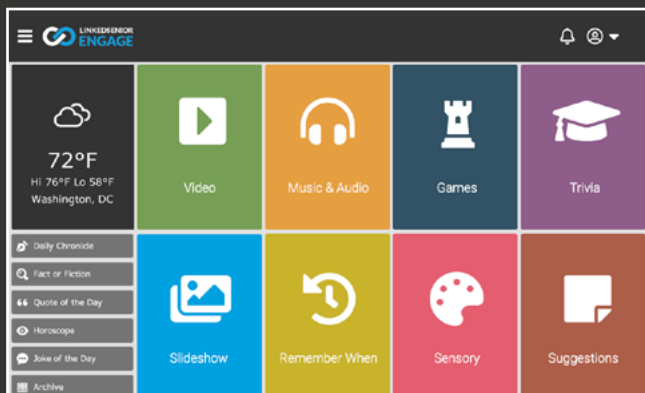

and create individualized strategies

## 3. Implement

person-centered and therapeutic programs

## 4. Evaluate

program effectiveness to optimize resident experience

Accessible application with evidence-based programming

Comprehensive enterprise reporting and data analytics dashboard
